

## TECHNISCHE DATEN

|                        |           |         |  |  |  |
|------------------------|-----------|---------|--|--|--|
| Verdichter             | Bosch     | Danfoss |  |  |  |
| Typ                    | V 792     | TL 4 A  |  |  |  |
| Förderleistung l/h     | 792       | V 702   |  |  |  |
| Anlaufstrom A          | 9,4       | 7,8     |  |  |  |
| Widerstand $\Omega$ Ha | 18,0      | 23,8    |  |  |  |
| Hi                     | 24,0      | 19,7    |  |  |  |
| Temp.-Regler:          | Bosch     |         |  |  |  |
| Typ                    |           |         |  |  |  |
| Reglerstellung         | kalt warm |         |  |  |  |
| Schaltwerte °C ein:    | -25 -19   |         |  |  |  |
| aus:                   | -33 -26   |         |  |  |  |
| (abtauen od.) alarm:   | -20 -15   |         |  |  |  |
| Füllmenge R 12 g       | 110       |         |  |  |  |
| Anschlußwert W         | 110       |         |  |  |  |
| Heizung:               |           |         |  |  |  |
| Widerstand $\Omega$    |           |         |  |  |  |
| Leistung W             |           |         |  |  |  |
| Ventilator:            |           |         |  |  |  |
| Widerstand $\Omega$    |           |         |  |  |  |
| Magnetventil:          |           |         |  |  |  |
| Widerstand $\Omega$    |           |         |  |  |  |
| Spannung V             |           |         |  |  |  |

| Ausführung       | Pos. | Bosch      | Danfoss     |  |  |  |
|------------------|------|------------|-------------|--|--|--|
| Verdichter       | 1    | 13 0301/45 | 13 1064/45  |  |  |  |
