SCREW 10G13MM TYP B PAN HD RH

This exploded view diagram illustrates the assembly of a refrigerator door. The main refrigerator cabinet is shown on the left. To its right, the door assembly is shown in an exploded state. The door panel is at the bottom right, with a handle. Above it is a component labeled 235, which is a hinge or latch mechanism. Above that is a component labeled 233, which is a trim or seal piece. To the left of the door panel, there are two components labeled 232 and 234, which are likely internal structural or mounting parts. The diagram uses perspective to show the spatial relationship between these parts.
